

UPDATE FROM TRUSTED PARTNER NETWORK

Regions now available in TPN+ Platform – **Action Required**

- **TPN Members can now filter the TPN+ Registry by Region. Service Providers, please update your Profile with your Region(s) so that your company is searchable by Content Owners when the filter is used.**

Company Address in TPN+ Platform – **Action Required**

- **If you haven't already, please log in to your TPN+ profile to make sure that your contact information, including address, is updated and correct.**

Global Pass now available in TPN+ Platform

- **For Service Providers that have more than five Sites or Applications with common security protocols and security status, there is a new TPN+ function available for a more efficient approach to completing multiple TPN Questionnaires. If this applies to you, please reach out to the TPN team.**

Coming Soon

- **Updated TPN+ Apps profile to include version, hardening guidelines and more.**
- **Updates to the MPA Content Security Best Practices based on feedback.**
- **Updated process to access TPN legacy assessment reports.**

Please contact us with any questions. We welcome any feedback about the TPN membership program and your TPN+ experience.
